

# Cannonball Bed

## with Ram's Ear Headboard

A delightful example of the cannonball bed style based on an antique bed we re-sized. The scroll top headboard shape, which adds a touch of whimsy, was inspired by the client, children's book author Anna Dewdney. The long chamfers on the square portion of the post and the delicate foot give this bed an air of lightness. Shown here in cherry, undersize queen with a slat foundation. Available in any size or wood.
